Expected Result:	The Claim button should do the following: -System shall hide the Claim button -System shall hide the transaction from the other users that are assigned to the Fees Auditor role group. -System shall display all the other actions granted to the user. -System shall enable all the editable fields, buttons and attachments.	**Test Case ID:**		

Description

Claim action is not working in the work list screen for any user type.

Steps to reproduce:
1-Login to work list with a GIS Auditor user.
2-Select any transaction (ex: 4042016001819591)
3-Click Claim button.
4-Observe the result.

Please find the attached video for more information.
