1- Unify the Font size and style (the spacing arround the inner of the footer decreased, nothing changed for the fonts, there is 3 levels of fonts for Section label, Item/Option/Link, Poll Question).
2- Shrink the footer to take less space "If possible, move the "Vote" action next to the answers" (There is no need as the navigation columns will expand more later after adding the Follow Us links and the height will increase).
3- How to display The icon that contains the vector icon (covered in the meeting).
