Smart Services:

- When editing the Smart Service and opening the meta-data, wrong fields appeared
- The Page Style "Smart Services" is not working as expected (When Creating new page, 6 pages are created automatically holding the same display name"
- Change the name of the "Content Wizard" action to "Smart Services"
- Add Department name to the Smart Service
- From Where should i add Service description to the Smart Applications
- When i add the Smart Service to the page it only appears in one language

Ministry Services:

- The Governorate is only displayed in English
- Align the data to be right to left or left to right based on the Language
- Prevent the special characters to be displayed as in the screenshot (issues SC)
- modify the label for "المركز والوحدات" to be "المركز والوحدات"
- When the contributor adds a record in the content wizard to in the Form section or the Location section, no validation appears when saving the content and the system displays empty row or page as in the screenshots below
- The required fields for the location should be the "Governorate", "Center & Units" and the "GPS" ((Please let us have a call to discuss this))
- Shift the drop down menu with the label "Centers and Units" to give some space between it and the "Governorate"
- Change "المركز والوحدات" to "المركز والوحدات"
- Change the font type for the titles in the "locations" tab
