Family Care - Bug #2370

Change File Data 󠀀 submission form

03/08/2021 01:36 PM - Saja Nakhleh

Status:	Closed	**Start date:**	03/07/2021
Priority:	Normal	**Due date:**	
Assignee:	Saja Nakhleh	**% Done:**	0%
Category:		**Estimated time:**	0.00 hour
Target version:		**Spent time:**	0.00 hour
Co-Workers:		**Actual Result:**	Issue #1: all the fields are empty and editable, hence the researcher decision could be different than the selected values from (new status) and (new unit) tabs Observe the video : https://www.loom.com/share/48d89f2375b6451ea6b5dc3b716a3142
			Issue #2: the reason's options are irrelevant to the selected status or to the beneficiary civil status or his age. evidence 1.gif
			Issue #3: the new status options are irrelevant to the beneficiary civil status or his age. Observe file (07770905), it's created for not married girl, 19 years old and changed to (󠀀󠀀󠀀󠀀󠀀󠀀) evidence 2.gif
			Issue #4: the stop cause on the cancled file (original file) will e diffrent than the cause on the newly created file observe new file #: 07170949 Old file: 07180992 evidence 3.gif
			Issue #5: A. the Change cause will be the Auditor decision while the real chagne will be the researcher deicison !
			B. the cancle cause will be NULL on the new file and on the report of the cancled file Observe evidence 4.gif and canceled file report
Severity:	Normal	**Environment:**	QA
Category:	Change File Data	**Transaction Number:**	
Sub-Category:		**Username:**	
Step_Description:		**Browser:**	Firefox
Pre_Conditions:		**URL:**	
Expected Result:	Issue #1: 1.the (new status) and (new unit) fields values should be inherited from the	**Test Case ID:**	

selected values from steps 2 and 3
2. the old status and old unit should be inherited from DB and be read only

Issue #2:
the reasons should be relevant to the newly selected status, this includes: gender, age, civil status(live, dead, divorced, Widower)

Issue #3:
the options of (new status) should be relevant options for the old status, based on the beneficiary civil status, gender and age (same as validations that applied on the open file submission form and update file submission form

Issue #4:
the stop cause should be inhireted on the newly created file from the canceled file

Issue #5:
A.the change casue should be the real data selected from the (researcher step)
B. the cancle cause should not be NULL either on the cancled file or the new file

Description

Issue [#1](#):
1. Open the (Change file data) form for any id(302062500266,2123740102)
2. navigate to (new unit data) tab and select new unit
3. navigate to (new status data) tab select new status
4. navigate to the (researcher decision) tab and select the last option
5. Observe the fields' values on the opened dialog

Issue [#2](#):
1. Open the (Change file data) form for any id(302062500266,2123740102)
2. navigate to (new unit data) tab and select new unit
3. navigate to (new status data) tab select new status
4. navigate to the (researcher decision) tab and select the 1st option
5. fill the fields randomly (الرقم المرجعي للقرار :مثال ,تصنيف المنحة وقيمتها وتاريخها ,سبب التغيير :التصنيف الجديد للمستفيد)
6. Click inside the (reason) field and observe the options

Issue [#3](#):
1. Open the (Change file data) form for any id(302062500266,2123740102)
2. navigate to (new unit data) tab and select new unit
3. navigate to (new status data) tab select new status
4. navigate to the (researcher decision) tab and select the 1st option
5. fill the fields randomly (الرقم المرجعي للقرار :مثال ,تصنيف المنحة وقيمتها وتاريخها ,سبب التغيير :التصنيف الجديد للمستفيد)

ISsue [#4](#):
1. Select (stopped file) (i.e: beneficiary with ID 265033100036)
2. submit new (Change file data) form
3. complete the WF steps for the submitted task in previous step
4. Observe the stop cause on the newly created file

Issue [#5](#):
1. select any file
2. open new (Change file data) form (i.e:294120401294)
3. change the unit to new unit (تغيير وحدة جديد غير الوحدة غير ما)
4. submit the task

5. complete the WF steps for the submitted task in previous step but each time select different values for the decision tab
6. Open canceled old file
7. Observe the change cause

- Assignee changed from Musab Khuraisat to Saja Nakhleh

#7 - 04/21/2021 04:11 PM - Saja Nakhleh

- File canceled file.pdf added

- Assignee changed from Saja Nakhleh to Musab Khuraisat

- Priority changed from Immediate to Normal

- Severity changed from Major to Normal

Issue #1:
a validation is added to compare the selected values on the new status and new unit with the selected values on the searcher decision tab.
BUT no validations are applied if the user changed the unit and select the status from the searcher decision tab.
task # 149669
https://www.loom.com/share/afcf33f36402437a99aa5e17444b34d2

Issue #2:
as confirmed with Mohannad the issue will not be handled

Issue #3:
still duplicated

Issue #4:
still duplicated

Issue #5:
a random and informative text is shown on the cancellation cause field on the report. observe the attached sample. canceled file.pdf

New issue, Issue #6:
the error messages will be shown always on the dialog box of the, even if the user select valid chois from the searcher decision
https://www.loom.com/share/afcf33f36402437a99aa5e17444b34d2

Issue #7:
for the died beneficiary, always the following message is occurred and the submission will be denied. evidence 10.gif

#8 - 05/18/2021 01:41 PM - Saja Nakhleh

- File 10.GIF added

#9 - 06/01/2021 01:57 PM - Musab Khuraisat

- Assignee changed from Musab Khuraisat to Saja Nakhleh

Done.

#10 - 06/01/2021 06:26 PM - Saja Nakhleh

- File 12.GIF added

Issue #1:
tested and verified for all test cases:
TC_1: change the unit only (pass)
TC_2: change the type only (Pass)
TC_3: change both of unit and type (failed)
if the applicant changed both of unit and type then select the unit only or type only on the decision tab, the decision will be taken normally !
Observe the video: https://www.loom.com/share/dc301535254948ad80339549e0c74652

TC_4: change nothing (Pass)

TC_5: change to the original value (failed)
Once the values are changed to new values then reset to the original, an error will be occurred (the newly selected value will be set instead of the old value).
Observe evidence 12.gif and the scenario is recorded on the video:
https://www.loom.com/share/7f5e14149e8840229ee3d04ef01b2fb9

TC_6: change anything then add the decision then set the values to the original values (Failed) Observe the video below TC.7
TC_7: change anything then add the decision then set the values to the different values (failed)
the new values will be kept and they will be different than the decision, hence the searcher decision should be empty every time the type or status is changed !
Observe the video: https://www.loom.com/share/d9d3a3ccc495411994762c680f7dddc9

Issue [#3](#):
tested and verified on different conditions (one or more conditions on each case)
gender
age
social status

Issue [#4](#)
still duplicated!
the decision on canceled file (old file) will be the auditor decision of stop process
while the the decision on new file (created after the change file process) will be the searcher selection (not decision) of stop process
Issue [#5](#) :
a. this case is invalid now as it's handled inside the bpm process (all the bpm users should select decisions as the searcher selection (not decision)
b. moved to new bug report http://mscjo.dynalias.com:8089/redmine/issues/2382

Issue [#6](#):
tested and verified.

Issue [#7](#):
tested and verified as the error message now is informative. evidence 1.gif

new issue, Issue [#8](#):
a. the error message should be : □□ □□□ □□□□□□□□ □□□□□ □□□□□□ □□□ □□□□ □□□□□□□□ □□□□□ □□□□□□
instead of: □□ □□□ □□□□□□□□ □□□□□ □□□□□□ □□□ □□□ □□□□□□□□ □□□□□ □□□□□□
(same issue regarding the type tab) Observe evidence 11.gif

b. the label of tab should be: (□□□□□□□ □□□□□ □□□□□□) instead of (□□□□□□□ □□□□□□ □□□□□□)
and the dropdownlist label should be : □□□□□□□ □□□□□ □□□□ instead of □□□□□□□ □□□□□□ □□□□

c. the submit action label should be : □□□□□ □□□□□
instead of : □□□□□□□ □□□□□
